April is Financial Literacy Month

THE SCHOOL DISTRICT OF
PHILADELPHIA

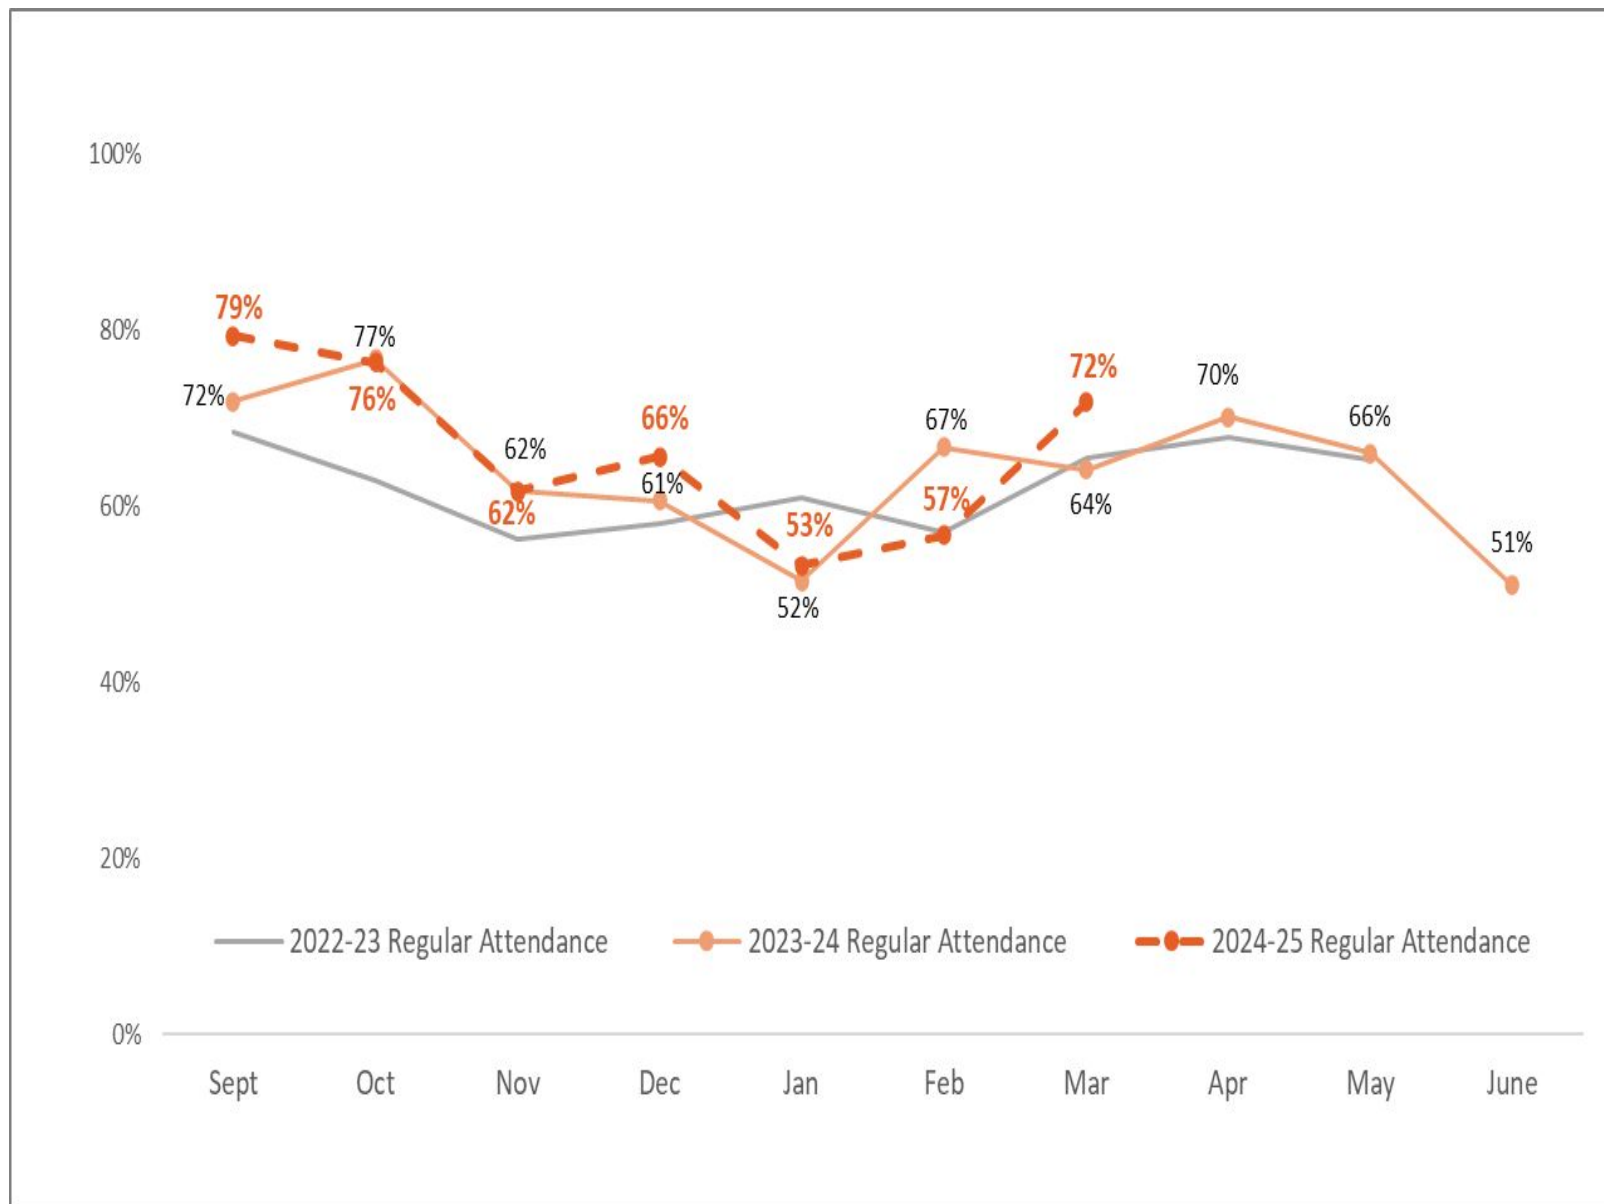

Conditions for Success

- Increase School Safety
- Increase Student Attendance
- Increase Teacher Attendance
- Decrease Dropouts

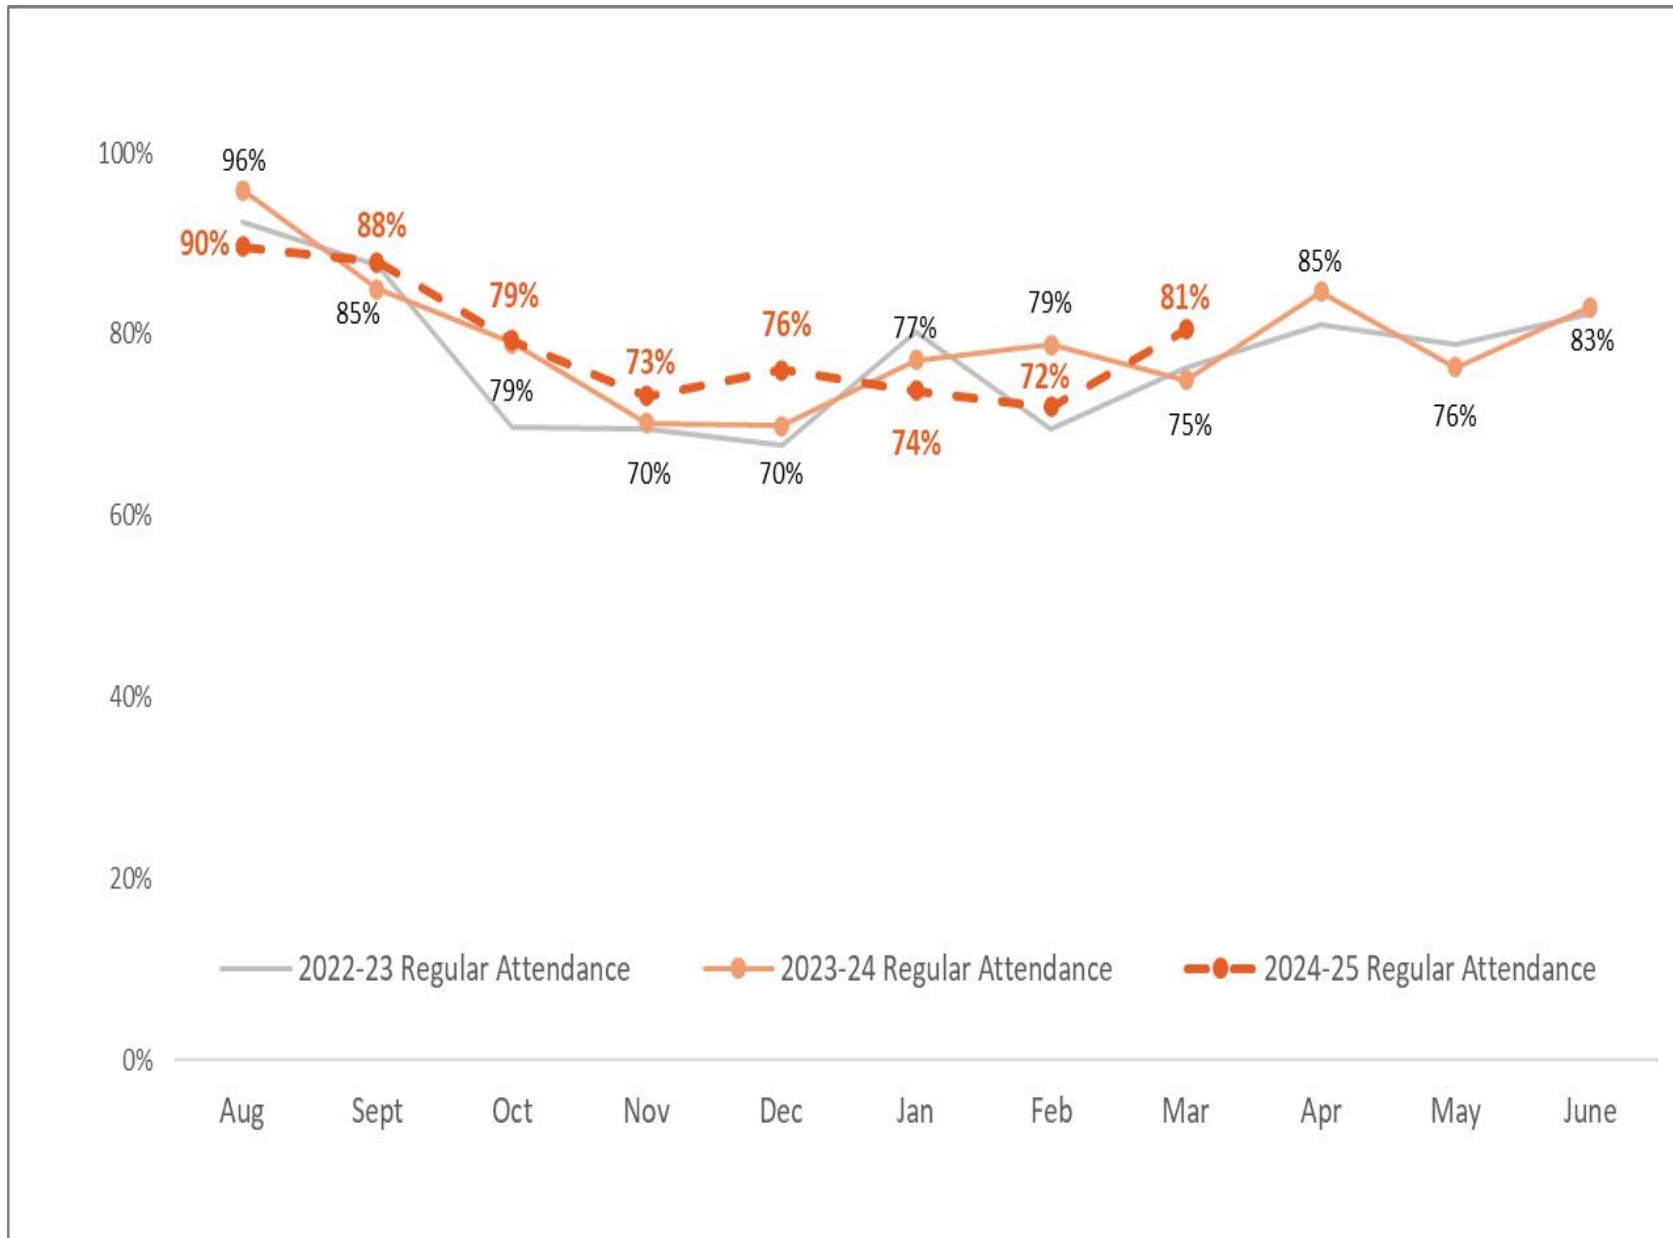

District-Wide

Student Attendance Within Month: 2022-23 through 2024-25

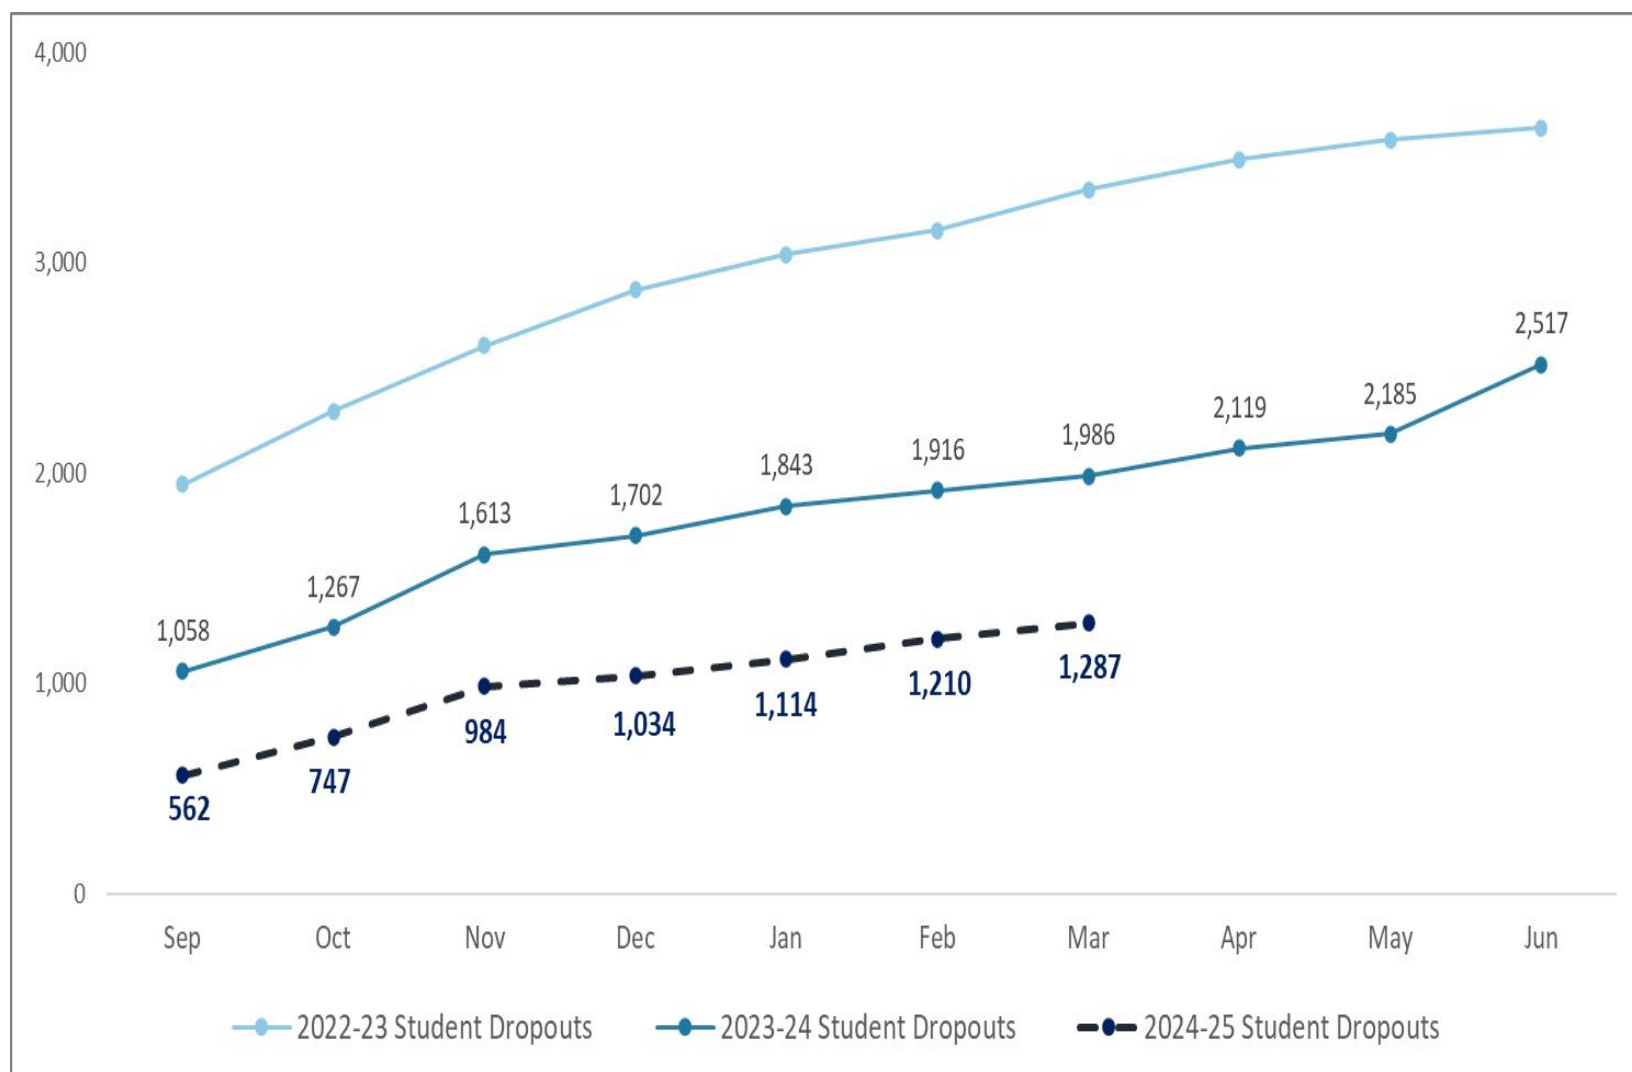

District-Wide

Teacher Attendance Within Month: 2022-23 through 2024-25

District-Wide

Dropouts Cumulative: Grades 7-12, Three Year Trend Data

The cumulative by month dropout number includes students in grades 7-12, consistent with the Pennsylvania Department of Education (PDE) “event” dropout rates reported annually. Unlike the annual PDE rate, SDP uses actual enrollment within month, as opposed to the October 1 snapshot enrollment at the end of the year. Students are attributed to the last location they were enrolled. These calculations include students in District, alternative and non-public placements. Students counted as dropouts are tracked on a rolling bases, so monthly totals may change throughout the year.
