Description:

Why is this contract needed?

The CCTV Transformation Program is Accelerate Philly Strategic Action 1.3. Under this Strategic Action the CCTV security camera infrastructure of the District will be transformed – all schools will have a modern, digital CCTV system served by an enterprise video management system. Under this Action Item, the District will enter into a contract with Securitas Technology Inc. to complete the installation of new

CCTV security camera systems at four schools. The vendor will decommission existing analog CCTV systems and replace them with new CCTV security camera systems unified under an enterprise Genetec video management system.

How will the success of this contract be measured?

The success of this contract will be measured by on-time, on-budget completion of the installations, as well as significantly improved fully operational CCTV security systems that provide School Safety personnel and school administrators an effective tool for the management of campus safety.

Which Goal and/or Guardrail does this Action Item support?

Has this investment been discussed during a progress monitoring session?

Which session?

Guardrail 1 - The District's safety and security infrastructure, including CCTV security camera systems, aligns directly with Guardrail 1 in support of safe schools.

Does this Action Item support a specific strategy/intervention identified in the Strategic Plan?
