Number of options: 2; Duration of each option: 1 Year

Maximum Compensation authorized per option period:

All vendors will be paid out of an aggregate amount not to exceed \$1,000,000 per option period.

Description:

Why is this contract needed?

The Office of Facilities Management & Services has the need for a contract to provide high voltage electrical repair services and certifications on an as-needed basis at all District facilities. Services include troubleshooting, repairs, parts replacement, and certifications.

How will the success of this contract be measured?

Facilities Management supervisors will monitor services requested so that all repairs and services performed meet bid specifications in alignment with the equipment manufacturers' guidelines.

If this is the continuation of a contract, how has success been measured in the past, and what specific information do we have to show that it was successful?

Work order requests for high voltage repairs are submitted via our computerized maintenance management system. We are able to measure the success of this contract by the satisfactory completion of the requested repairs.

Which Goal and/or Guardrail does this Action Item support?

Has this investment been discussed during a progress monitoring session?

Which session?

Guardrail 1: Every school will be a safe, welcoming and healthy place where our students, staff and community want to be and learn each day.
