

33. Contract with R.F. Design & Integration, Inc. for School Safety Security Technology Systems Maintenance and Repair Services (\$278,000)

Action Item - 33

Title: Contract with R.F. Design & Integration, Inc. for School Safety Security Technology Systems Maintenance and Repair Services (\$278,000)

Board of Education Meeting Date: 5/29/2025

Action Under Consideration:

The Administration recommends that the Board of Education authorize The School District of Philadelphia, through the Superintendent or his designee, to execute and perform a contract, subject to funding, as follows:

With:

R.F. Design & Integration, Inc.

Purpose:

Maintenance and repair of various school safety security technology systems

Start date: 6/1/2025

End Date: 5/30/206

Compensation not to exceed:

\$278,000

Location:

All Schools

Renewal Option:

Number of options: 2; Duration of each option: 1 year

Maximum Compensation authorized per option period:

\$278,000

Description:

Why is this contract needed?

The Office of School Safety is responsible for the deployment and administration of various school safety security technology systems – these systems include CCTV security camera systems, intrusion alarm systems, and secure entry systems. Under this contract the District will contract with R.F. Design & Integration to provide supplemental support for the maintenance and repair of these systems. By allocating additional resources for the maintenance and repair of these systems through this contract the District will be able to reduce the existing number of repair requests and reduce the time to completion of repair requests.

How will the success of this contract be measured?

The success of this contract will be measured by the number of security technology ticketed repair requests completed, and the average response time from repair ticket submission to completion.

Which Goal and/or Guardrail does this Action Item support?

Has this investment been discussed during a progress monitoring session?

Which session?

Guardrail 1 - The correct function of the District's safety and security technology infrastructure aligns directly with Guardrail 1 in support of safe schools.

Does this Action Item support a specific strategy/intervention identified in the Strategic Plan?

No
